WW2 Battle of Britain!
1940 Royal Air Force Hurricane fighter

SCAN ME

WORCESTERSHIRE MILITARIA MUSEUM

HOW DO I MAKE IT?

1. Cut-out all 8 pieces and into the **SPINNER**.
2. Fold the dotted lines to match the model pictures.
3. Glue **A** onto **B**. Glue **C** onto **D**.
4. Glue the **TAILPLANE** together and glue **E** onto **F**.
5. Take the **COCKPIT**. Glue **V** under **W** and the **COCKPIT** onto **G**.
6. Fold the engines together and glue the **SMALL ENGINE** onto the end of the **BIG ENGINE**.
7. Glue it inside the nose under **H** (heavy end at the front).
8. Glue **I** onto **J**. Glue **K** onto **H**.
9. Now glue the **PROPELLERS** onto **L**.
10. On the **SPINNER** glue **M** under **N**.
11. Glue the **O** onto **K**. Glue **P** onto **Q**.
12. Lastly take the **LOWER WINGS** and glue **R** onto **S**. Glue **T** onto **U** and glue the **LOWER WINGS** to the upper wings, matching their wing tips.

Flying tips: Keep the wings flat and slightly "V" shaped. Hold the Hurricane's nose and throw it like a dart.

Have fun!
+ we'd love to see a photo when it's done!
